**Please notify Les Ballenger at the Jacksonville Street Department (479-4653) at least three (3) days in advance to schedule your work day and to make the necessary arrangements.**

There are only a few rules – all directed at safety for the participants:

- If young children are involved, **they must be supervised.**
- Participants should wear safety vests or bright clothing when doing the cleanup.
- Don't allow participants to run back and forth across the street. Divide the participants into two groups and work both sides of the street at the same time, or, if the group is small, work one side of the street and cross over as a group to work the other side.
- Pick up litter only on the boulevard and sidewalk, **not in the street.**
- Be careful with sharp objects and objects which might cause injury.
- Leave bags of refuse at predetermined locations in consultation with the Street Department.

The Mayor and City Council appreciate your interest in helping to maintain and beautify our City, but in doing so, we wish to emphasize the importance of keeping all who volunteer safe. Please adhere to all appropriate laws and your own common sense in doing this project.
